

*Thank You*

Dear Mr. Gary Westbrook,

My name is Summer Halbert + I am a Texas 4-H Water Ambassador from Brazos County. I wanted to thank you for supporting our program and teaching us about water in Texas. I recently had the opportunity to attend the Tier I Leadership Academy where we traveled the state learning about water conservation, water laws, and so much more! My favorite part was touring the Brownfield

---

Water Department. One fact that I didn't know was that there are 4 feet of steel pipe attached to the bottom of fire hydrants. So, in the movies, when a car runs into a hydrant + it shoots into the sky spewing water, it's very unrealistic! This trip was a great opportunity where I was able to learn a lot + connect with water industry ~~professo~~ professionals. Thank you again!

Sincerely,  
Summer Halbert

Dear Mr. Gary Westbrook, we sincerely appreciate your support of the water ambassador program. Through this program I've made powerful bonds with people outside of my county and learned a lot about the water we use and its importance to us all. This year we actually helped plant marsh grass with dibblers. It was very cool! Thank you again for your support of the water ambassador program. Sincerely, Robert Miller

Sincerely,  
Roxane Islas

---

My name is Roxane Islas and I am Tier II TX  
4-H Water Ambassador from Taylor county. I wanted to  
thank you for supporting our program and allowing  
me to learn about water in Texas. I recently had  
the opportunity to attend the Tier II Leadership  
Academy where we plant marsh grass, and went  
to see a river learning how the water flow changes  
over time due to our climate. My favorite part  
of the trip was touring and looking at Galveston  
bay. It was a great opportunity where I was able  
to learn a lot and connect with water industry  
professionals. I look forward to events in the upcoming  
year that I am able to attend thanks to your support.  
With much gratitude and respect.

---

Dear Mr. Westbrook,

I would like to thank you for your support of the Texas 4-H Water Ambassadors Program. Without your help, we would not have these opportunities to learn about water issues in Texas.

Sincerely,

Justin Hill

---

Dear Mr. Gary Westbrook-

My name is Ava Snelson, and I am a Texas 4-H Water Ambassador from Williamson county. I wanted to thank you for supporting our program and allowing me to learn about water in Texas. I recently had the opportunity to attend the Tier IV Leadership Academy, where we studied groundwater in West Texas, discussed water conservation methods, and aquifer storage + recovery. It was a great opportunity where I was able to learn a lot and connect with water industry professionals. I look forward to events in the upcoming year that I am able to attend thanks to your support.

with much gratitude  
and respect,

AVA  
Snelson
